F. Guest Speaker introduction by Rick Lindner; Drew Conley of Marysville gave a presentation covering collectors insurance, what to look for and things to check. Not all insurance is the same and the cheapest is that way for a reason. There are several under writers for insurance, AXA and MiniCo being just a couple. Make sure you are not insured as a depreciable item or the named policy holder as the only insured driver. Very well received presentation. Thanks Drew.

Drivers Training July 16<sup>th</sup>

Meeting held at the Dachenbach's household for a 'driver's training'. About a dozen folks were in attendance for potluck/cookout dinner. Then the experienced drivers taught the novices how to drive the Ts. The initial instructions were about the car and being sure it is prepped to be driven. Then we drove around the neighborhood. Fun was had by all! A driver's manual was provided, and appreciated! And a great certificate, signed by Henry and Edsel Ford, was provided to the new drivers!
