Summer Cook-out Meeting Report

Doug Dachenbach, Rick Lindner, John Seeds and wife Marilyn, John Joyce and Larry Halter

We had our Summer meeting as a cook-out and tour at the house of Pres. Rick Lindner on Cooke Rd. in Columbus. It was Saturday afternoon just after the Friday evening wind storm that knocked-out electric power to 195,000 Franklin Co. residents. Luckily, Rick still had power but many areas around did not.

Rick's 1914 T, in which he took us to the warehouse

Amazing 1903 Model A, very low serial number

Rick has an amazing collections of Ford cars and Ford memorabilia at his house and at his warehouse / garage located just West of Indianola Ave. & Hudson St. He is converting the warehouse into a replica of a circa 1940's Ford repair shop, complete with signs, display cases and display shelving for parts. There are original tools and equipment everywhere.

Warehouse Tour

I just have to tell you about our ride to and from Rick's warehouse. First, you must know that I am a novice when it comes to tours. I'm still learning how to drive my T and have only been on limited drives thus far. Rick by comparison is an experienced driver and the differences in our skill level was immediately apparent to me. First, his T starts easier and runs smoother than mine and accelerates faster than mine.

You must know that most of the traffic lights were out because of the storm and people were suppose to treat them as 4-way stops. Rick started off down Cooke Rd., under the freeway and onto Indianola Ave. We were breezing down streets with people outside because of the power outages, waving and smiling at Rick's 1914 roadster. We were like a one car parade. Trees are down and streets are blocked but people smile and honk their horns and we waved and ahoogaed back. At Webber, which is 4 lanes in all four directions, we waited our turn and then proceeded into the intersection. Just then a woman sails into the intersection, slams on her brakes, squeals the tires and darn near T-bones us. I am seeing us and the T flying through the air, all in pieces and bloody. Rick leans out his side and shakes his finger at her and says, "One at a time lady.", calmly drives on. Great day and a great ride. Thanks Rick for the day and the demonstration of how it should be done. Doug D.

Dues for 2012 (\$10) send to:

John Seeds (Sec.)

260 Winter Green Loop SW,

Pataskala, Ohio 43062-9144

Officers: Tickin T's 2012

Announcements
from Around the
Area

Mark your calendars!! Still some BIG Upcoming Events for 2012

Saturday, July 7th - Arthritis Foundation Car Show: This is always a big event for our club and we're hoping this year will be even bigger. For the 5th year in a row, the Model A Ford has been given the distinction of a "Show With-in A Show" and our cars will be displayed in the same wonderful location. Register your car on-line NOW at (www.arthritisautoshow.com).

Sunday, July 8th - "Save the Abbey" Greenlawn Abbey Fund Raiser 4:00PM-6:30PM:

Our club has again been invited to display our cars and participate in the "Save the Abbey" fund raising event. This is the third year for the event and the 1920's/Gatsby lawn party will be bigger and better. This year the organizers are planning a 1920-40 vintage car show as part of the event. Participants are encouraged to dress in period clothing if they like. Built in 1927, the Green Lawn Abbey (700 Greenlawn Ave. Just past the heavy equipment dealer and before you get to the cemetery.) is a very large, neoclassical mausoleum, not far from but in no way related to Green Lawn Cemetery. The Abbey was just this side of abandon when a preservation group was formed to try and save it.

Thursday and Friday, July 12th and 13th - Summer Movie Series at the Ohio Theater:

Yes, it's time again for us to display our cars in front of the beautiful Ohio Theater. The silent feature will be accompanied live by Clark Wilson on the theater's "Mighty Motron" organ. Plan to arrive by 6:00pm. The movie starts at 7:30pm. FREE admission for those who display their cars.

Sunday, July 15th - Gosnell Gas Station Gathering and Car Show 10:00AM - 5:00PM:

Held at the Gosnell's Estate (10383 Taylor Rd., Reynoldsburg) 614-395-5421. This event is open to ALL vehicles: cars, trucks, tractors, motorcycles, etc. 450 vehicles attended the event last year! Bring your own picnic food OR support the local Lion's Club. Live music so bring your lawn chair. Family Friendly event. ... please NO ALCOHOL. Submitted by Chip Stout.

Friday, August 3rd - Slots & Brats Cruise-In and Fund Raiser 5:30PM - 8:30PM:

Join the Upper Arlington Commission on Aging for their Grand Vegas Style evening (1605 N.W. Professional Plaza, Upper Arlington). Event features: Live music, Casino games for prizes, Car show, and great BB-Q and desserts. Admission fee of \$25 is waived if you enter your classic car in the show (only 2 free passes per car). Call Sally Gard 614-583-5320 for more information or to RSVP. Submitted by Doug Jones.

Saturday, August 18th - Grove City Farmers Market Car Display 7:00AM -12:00PM:

Chris Fisher has again this year organized this event through the Grove City Area Chamber of Commerce and they are excited about our visit. Also, the nearby history museum, which contains a 1914 Model T, will be open for tours. If you want to join us for breakfast, Lilly's Cafe (4008 Broadway, Grove City) will accommodate our club for breakfast, but we need to arrive at 7:00AM. From there we will head to the Farmers Market. The purpose of this event is to gain some exposure for the club and hopefully gain some new members.

September 6 - 9th - Old Car Festival. Greenfield Village - Overnight Tour - Points Event:

During this annual event, Greenfield Village is filled with hundreds of vehicles from the 1890's through 1932. Additionally, this year is the 61st anniversary of the Indianapolis 500 race, so there will also be numerous vintage race cars on display. Rick Lindner is organizing this Tour so watch for more details, including hotel information, in upcoming Scuttlebutts.
