An Editor's Note

In the past year I have learned a lot from fellow members. One thing is that even if your T isn't up and running, there is still a place for you on the tour. Yes, it is a lot of fun to have your T out on the road, especially when you have friends with you. The Berlin area is a step back in time, when Henry Ford was the new guy on the block and horses were the standard. Come along on the tour and enjoy the time with friends that have a common love -- Model T Ford's.

"If everyone is moving forward together, then success takes care of itself." *Henry Ford*

Last years Tour proved that not all of Ohio is flat land. Also Jim and Sue Cook demonstrated that you can put an antique chair in the back of a Model T Ford, a bit of it may hang out.

Chip Stout found his copy of Tinkerin Tips Vol. 1 and I now have it in Digital PDF format. In a few weeks I will have Vol. I & II on disc and available to club members. Those with the first disc can exchange for the new one or buy a new disc for \$5 that has both.
