July 11th Meeting “Drivers Training Rodeo”

We will be meeting at the Franklin Co. Fairgrounds for our Summer Meeting and the long awaited Drivers Training event. This is for anyone not just spouses that hasn't driven their Model T and would like to have a true professional like the guy walking away (to the right) give them hands on training. There are members who have just bought, inherited or just want to learn how to drive one of these pioneer cars that America cut her teeth on.

The three peddles, hand throttle and all the things that are automatic in todays cars appear so daunting that really aren't. You may not want to try this learning process with a spouse but will feel more comfortable with someone else giving you guidance. We have plenty of room to drive on the Fairgrounds property with no traffic to fight. We will teach the basics that will get you started having some of the fun of keeping a piece of history going with you at the wheel.

It will be a fun day followed by a pot luck picnic or a pitch-in as my Hoosier wife calls it. Last names between A-I to bring main dishes; last names J-Q bring salad/side dish; last names R-Z bring dessert—or bring what you like!

RSVP

This is a Special Meeting and we need to know if you are coming!!

We need to know how many new drivers are coming for instructions.
